The case of Hannan vs. Marr was still on trial in the district court yesterday, and will probably require the remainder of the week to complete. These cases are all being carefully tried, as they involve the ownership of a large amount of property on the bottom.

The remains of Mr. E. E. Harkness were last evening taken east for interment, they being accompanied by Mr. Harkness. The family will remain for time at least, the little babe being too ill to undergo such a long journey at present. Their plans for the future are not fully determined.

The funeral of William Dean was held yesterday afternoon from the family residence on Madison street. Rev. Mr. Mackey officiating. Mr. Dean leaves a wife and one child, a daughter only three years of age. Several of the members of the Rescue hose team have gone into training for next year's races. Some of the boys have been off the track for so long that it will take several months to put them in good condition. The Rescue has always been a fast class, and will show their record next year.

The case of Laura Frank, charged with the larceny of dry goods from the store of J. L. Foran, was called before Judge Schurz yesterday. The prisoner pleaded guilty, and was fined \$50 and costs. By agreement of the county attorney and the prosecuting witness, the woman was allowed to depart promising to pay her fine as soon as possible. Her condition was such that it was deemed unwise to have her confined in jail.

There was a lively runaway on Broadway last evening. A pair of horses attached to a hay rack started on Upper Broadway for a dash down that thoroughfare. A horse belonging to Mr. Mayne was standing near the curb, and taking fright at the runaway dashed by, joined in the race. A Grievous Assault.

Mrs. Mary Gruber, a bawdy woman of about 40 summers and corresponding wit, moved to her new home, Squire Schurz yesterday, and fired an information against Nate McNelly, charging him with an assault with an intent to commit rape. The information places the date on the 30th day of November. The plaintiff has been ill since that time, and has been unable to appear for charges against McNelly. Her husband, who is a small and rather weakly man, did not appear. The parties all live in the southern part of the city. McNelly was arrested, and committed to the county jail to await a hearing. He is a heavy, thickset Irishman, and refuses to talk about the case.

The Ever-Present Poor.

Since the sale of the poor farm this county has no place for caring for the poor. They are boarded around, or given some weekly, and rather weakly help, too, to sustain themselves in their own little hovels. The winter months make it more apparent than ever that there is need of some place where the unfortunate may be properly cared for. The taxpayers seldom grumble about the expense of maintaining what few folks there are dependent upon the public. It is the officials, generally, who advocate the economical policy, and each in turn seems anxious to make a record along this line, even at the sacrifice of needed comforts on the part of those who merit charity. The present provisions for caring for the sick and the needy are very scant in both city and county, so far as the public is concerned. There are some noble private charities arranged, and were it not for these the situation would be far from creditable to us as prosperous a part of the country as this is.

Fortunately there are fewer cases of need than usual at this time of year. The favorable weather, the abundance of work, the growth and general prosperity of the city, have been helpful in this respect. Were it not for this favorable combination of circumstances the situation would be deplorable, for at present what charity is scattered must come largely from the generosity of private citizens.

The Guards Will Go.

The Dodge light guards are planning on attending the inauguration of President Harrison. It will be rather an expensive trip for the boys at the best, but it will be a credit to the city to have so many of our uniformed company sent from here. The guards are planning on having twenty-four men and officers at least. In order to meet a portion of the expense the guards will give some pleasing entertainments this winter. The public will doubtless give generous support to these.
